General Meeting

Wed., March 19, 2014 • 6:30 p.m. • YMCA (*Spinning Room! Look for signs*)

Shared Services and Program Input

Do you know that there are nine different special education programs on-island. Do you know where and what they are? Come join us on Wednesday, March 19th, for an overview of the superintendent's shared services programs.

Bridge and Project Headway programs are growing.

Following the General Meeting, Phil Campbell and Hope MacLeod will talk about plans for the Bridge and Project Headway programs next year. This is the time to ask questions and have your ideas and concerns heard. The IPAC supports you.

DO YOU NEED CHILD CARE?

We would like to make child care available so that parents can attend. The YMCA is able to provide child care for a nominal fee but we must provide them with a number by Friday, March 14. Please let us know if you are interested in doing so. Contact Kim (contact info at bottom).

The Island Parents Advisory Council on Special Education is a legal entity that has a participatory and advisory role with the school district in its planning, development, and evaluation of special education programs. The IPAC has the potential to have a positive impact on special education programs on Martha's Vineyard. The IPAC adds an important voice to the school district's dialogue and decision-making. Membership is open to all parents of a child with a disability and other interested parties.
