The Island Parents Advisory Council on Special Education is a parent-run, legal entity that has a participatory and advisory role with the school district in its planning, development, and evaluation of special education programs. The IPAC has the potential to have a positive impact on special education programs on Martha's Vineyard. The IPAC adds an important voice to the school district's dialogue and decision-making. Membership is open to all parents of a child with a disability and other interested parties.
